MEMORANDUM

TO : J. Lee Rankin
General Counsel

May 13, 1964

FROM : John Hart Ely

This morning Mr. Eichel of Navy Intelligence came into the Commission offices to inquire about Messrs. Call and Camarata. I gave him their addresses, but told him that I had spoken to both men by telephone, that Call's statement had not been intended to refer to Schrand's death, and that I had sent Camarata an affidavit concerning the rumor of Oswald's involvement. There seems to me little point in having Navy Intelligence pursue Call and Camarata further; perhaps you would want to notify them to that effect.
